

# Offer Popup Extension for magento2

## Admin Store Configuration

To Configure the Sprinix Offer Popup Extension for your stores follow the path given below

**STORES -> Configuration -> SPRINIX -> Offer Popup**

For the field, '**Module Enable**', select Yes to enable the extension, if field is set to No then module will not display Offer Popup for the stores .

If you have multiple stores then you can configure **Offer Popup module** store wise .

The screenshot shows the Magento 2 Admin configuration interface. At the top, the 'Scope' is set to 'Default Config'. A blue arrow points to the 'Default Config' dropdown. On the right, there is a 'Save Config' button. The left sidebar shows the 'SPRINIX' menu expanded, with 'Offer Popup' selected. The main content area is titled 'Offer Popup Configuration'. The 'Module Enable' field, labeled '[store view]', is set to 'Yes'. An orange arrow points to this field.

## Select Country Timezone

**STORES -> Configuration -> General ->Locale Options**

The screenshot shows the Magento 2 Admin configuration interface for the 'General' section. The left sidebar shows the 'SPRINIX' menu expanded, with 'GENERAL' selected. The main content area is titled 'Configuration'. The 'Scope' is set to 'Default Config'. On the right, there is a 'Save Config' button. The left sidebar shows the 'SPRINIX' menu expanded, with 'GENERAL' selected. The main content area is titled 'Configuration'. The 'Country Options' section is expanded, showing 'State Options' and 'Locale Options'. The 'Locale Options' section is expanded, showing the 'Timezone' field set to 'India Standard Time (Asia/Colombo)'. A blue arrow points to this field. Below the 'Timezone' field, there is a link 'How to setup Locale, learn more.' The 'Locale' field is set to 'English (United States)'. The 'Weight Unit' field is set to 'lbs' with a checkbox 'Use system value' checked. The 'First Day of Week' field is set to 'Sunday' with a checkbox 'Use system value' checked. The 'Weekend Days' field is set to 'Sunday' with a checkbox 'Use system value' checked.
